The general committee have completed arrangements with the management of our Military band, securing the services of this popular organization for the day. At 4:30 a. m. Messrs. Alfred Hancey and Geo. F. Ashcroft Jr. will awaken our citizens and the populace for miles around by the firing of a salute.

Diamond SQUEEGEE TREAD TIRES

Fit For Battle

TIRES, like men, have to be "stripped for action" if they're going into battle.

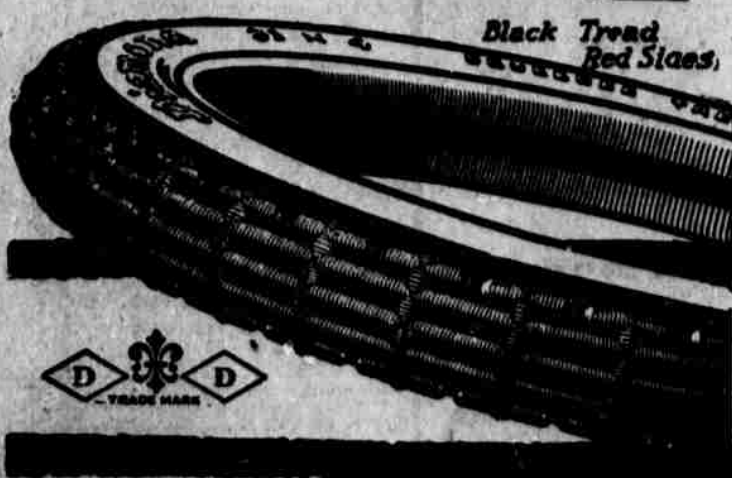

Under the terrific battering of American roads, "extra features" are a burden, guarantees are useless. Only clean-cut, well-built tires can stand the punishment.

We're glad to tell you that Diamonds are rolling up thousands of miles for our customers, with "come-backs" so few and far between that they don't count.

Diamonds are "fit for battle," ready to jump from our complete stock to your car on short notice.

Diamond Tubes keep their life for years. We consider them the best tube on the market.

"CASCARETS" WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments in the stomach, and finally passes into the bowels, where it causes indigestion, flatulence, red-breath, yellow skin, mental depression, everything that is horrible and nauseating. A Cascaret to-night will give your congested bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Henry M. Hancey, Male chorus.
"America," by audience.
Benediction, Joseph B. Daines.
Free dance for children from 2 to 3:30.

Afternoon amusements are under the supervision of Messrs. Lorin Lamb, Fred Duce, George Saunders, Lee Hancey and Leon Hickman.

We are promised some lively stuff in the shape of baseball, our national sport. Messrs. Clarence Hancey, Wallace Waite and Clarence Hurren have this feature of the day in charge.

The committee on decorations is as follows: Messrs. Wilbur Hancey, Clayton Nielsen and Everett Hancey, assisted by Miss Orma Christensen and Mrs. Royal E. Lee.

A magic wheel will furnish amusement for the children and will be in charge of Messrs. Henry R. Hurren, Hasen Daines and Mariner Morrell.

The "Kaiser's Fate," another attraction will be in charge of Messrs. LoPhone Peterson, Vernon Perkes and Asa Seamons.

The day will close with a special picture show in the amusement hall.

Our band will play in the evening for a grand ball in the Union hall, Smithfield.

Our town is becoming expert in going over the top. This time we have overpledged our allotment of W. S. S. (\$15,000) by \$200. We are proud of our record in this matter. It is our aim to stand behind the government with all our wealth, if need be. Messrs. H. M. Hancey, Stephen Thurston and Bishop Hyde are the committee who pushed the thing over.

Two more of our young men are responding to their country's call, Mr. Grover P. Hancey and Mr. Herbert Seamons.

Last Friday evening a social was tendered these prominent young men in the amusement hall, dancing being the order of the evening. A large crowd was present. The band furnished the music for the occasion free and the entire proceeds were turned over to the departing boys with the best wishes and sympathy of all present.

Our primary association held their annual conference on Sunday afternoon. The meeting house was well filled with parents who were anxious to hear and see what their children were being taught by their faithful primary teachers.

Those present from the stake primary board were as follows: Mattie B. Hansen, Fanny Goodsell, Ellen Eccles, Emma Nelson, Ella Rigby and Flora Crawford.

Interesting talks were given by members of the stake board. Miss Ella Rigby rendered a solo "Keep the Home Fires Burning," which was greatly appreciated by those present.

The different grades gave exercises displaying skill and excellent training.

Our association is the first in the stake in number of articles contributed to the Red Cross, the number being 881.

The recent rains were more than welcome by our farmers. The dry farm grain on our east bench is now in condition.

The first crop of alfalfa is nearly all up in good shape, except a small per cent which was out in the recent storm. The crop is light on account of the weevil damage.

Farmers are busy hoeing and cultivating sugar beets. The beets are in excellent growing condition.

Farmers who planted peas for the coming factory at Smithfield have prospects for good crops. Some patches are now ready to harvest. Those who are acquainted with the pea industry say that some of our patches will produce three tons of shelled peas per ton. At \$60 per ton it is a profitable crop.

The stork paid a visit to our town this week leaving two boys, one at the home of Mr. and Mrs. William Hurren and one at the home of Mr. and Mrs. Thomas Perkes.

What are good clothes

All clothes are good in the advertisement and they all look good when you first see them. Of course they do; nobody would buy them if they were not good looking.

But "good" isn't the looks of 'em. It isn't style only, tho style's part of it. It isn't fit only; tho fit's part of it. Of course, if the clothes dont fit and stay fit, you dont have much style. "Good" isn't color or pattern, however good these look to you.

The important part of good clothes is the part you dont see. Better be on the safe side and come to this store for

Hart Schaffner & Marx clothes

They're as good inside as they look outside; that's a fact and we guarantee it.
